LEARN ENGLISH, ONE EXPERIENCE AT A TIME.

An exciting course for students interested in experiencing the thrill of mountaineering/technical climbing while at GV Vancouver this summer. British Columbia is famous for its spectacular mountains --from the Rocky Mountains to the Cascades and Coastal Mountains that tower high above the Pacific Ocean. This three-day Mt. Baker Climbing Skills Course is offered in partnership with North America's reputable climbing school The American Alpine Institute.
Certified, experienced AAI instructors introduce the fundamentals of mountaineering, glacier travel, equipment, and terminology universally understood in the alpine culture. The team has the opportunity to apply their new skills and do a guided ascent of Mt. Baker, one of North America's giant glacial-clad volcanoes towering over 10,000 ft (3000 m) near Vancouver; offering unique and breath-taking views of the Cascade ranges, Coastal mountains and the Pacific Ocean. The hike to the base camp itself is an amazing journey up an scenic trail buttressed by massive cedar trees, alpine wild flowers and cascading streams.
