LEARN ENGLISH.
ONE EXPERIENCE AT A TIME.

THE ENGLISH FOR BUSINESS PROGRAM is aimed at preparing students for the world of international business where English skills have become the key to global communication. For students aspiring to a career in international business, or for business people advancing an existing career, a sound ability in English is essential. The English for Business Program includes foundation General English Program lessons in the AM followed by English for Business electives in the afternoon: PM 1 class (25 lesson/wk) and PM 2 class (30 lesson week). The English for Business classes are normally small and students receive a high level of attention from the instructor to work on language with a business focus. Students receive coaching on common means of communication, such as face-to-face work group meetings, Power Point presentations, video and tele-conferencing, email protocol, and Google group chat.
