LEARN ENGLISH, ONE EXPERIENCE AT A TIME

THE GENERAL ENGLISH PROGRAM (GEP) is by far our most popular program. The focus across all the levels (GV 1 to 8) is on communicative language skills. The GV levels correspond to the Common European Framework and several other proficiency tests. Face-to-face real-time contact in small classes (average 13) and a wide nationality mix of interesting, motivated students and professionals ensure full immersion in the language with plenty of engaging dialogue, practice, and correction by the instructor.

The morning Interactive Communication Session focuses on using proper structure/grammar while speaking and writing, as well as appropriate and functional language in given scenarios. The afternoon electives hone in on particular skills needing improvement, whether it's in pronunciation, vocabulary, writing, listening, etc. Each GEP class runs for 4 weeks, so instructors and students get to know one another very well and progress together as a team. The GEP also serves as the foundation for specialized courses, including Academic Preparation and pathways to universities, covered in the PM elective/option component.

*Entrance Requirement: no minimum level required.

"GV Victoria had a very well-organized curriculum to cover different English topics. Teachers had different approaches such as activities, games and presentations to make the classes more interesting. I learned things for day-to-day and for academic purposes. It was really helpful to improve my English in a limited time and I would definitely come back."
