

VOLUNTEER

GV HAWAII

**GAIN SKILLS.
WORK IN THE COMMUNITY.
MAKE A POSITIVE DIFFERENCE.**

WHAT IS VOLUNTEERING?

Volunteering is an activity that connects Global Village Hawaii students with local organizations in the areas of tourism, hospitality, health, education, tutoring, community organizing, the environment, and more! Students registered for volunteering are given a unique opportunity to learn outside the classroom from organizations that are dedicated to solving community and global issues. This real-world setting allows students to have direct experience with the English speaking community and benefit from cultural enrichment.

While volunteer opportunities may not be directly related to every career, it can be used in most disciplines as evidenced by these examples.

- A **nursing student** was given the opportunity to support and care for elderly by engaging them in physical and mental activities that support health at the elderly care hospital.
- An **early childcare education student** provided homework help and nurtured a love for learning, creativity, and cultural awareness at IHSChildren’s Enrichment Services.
- A **construction engineering student** designed and restored materials and devices to assist people that cannot afford housing materials at Habitat for Humanity’s Restore facility.

Volunteering is unpaid | 8 week minimum | GVH enrollment required | volunteer placement provided
