

Private Training Act (PTA) Approved Programs

GV Vancouver is a designated institution by the Ministry of Advanced Education of British Columbia. The Private Training Act requires that designated institutions offering language programs six months or longer in duration or \$4000 or over in tuition are required to be approved programs.

As such, students who enroll at GV Vancouver for six months or longer or pay \$4000 or over in tuition for any one or any combination of programs are issued **Student Contract A** which details the rights and responsibilities of the student and the school with respect to the PTA and regulations. Students are required to read and understand their contract prior to paying their tuition and signing their contract.

Students who enroll at GV Vancouver for less than six months or pay less than \$4000 in tuition for any one or any combination of programs are issued a student contract entitled **Student Contract NAR** which details the rights and responsibilities of the student and the school with respect to the PTA and regulations. Students are required to read and understand their contract prior to paying their tuition and signing their contract.
