Cambridge First Certificate Exam

The University of Cambridge in England has been a leading provider of language assessment since 1913. Here at Global Village Calgary, we are proud to be a part of that tradition. Three times per year, we provide a preparation course of either 9 or 12 weeks for the First Certificate Exam (FCE). The course is taught by expert instructors who are familiar with the FCE exam. Instructors guide students through the format of the exam while giving them valuable exam-taking strategies.

This intensive study program focuses on the Reading, Writing, Use of English (grammar), Listening, and Speaking sections of the test. There are weekly practice tests leading up to the official exam date set by the University of Cambridge. Following the exam, students will be issued a certificate from the University.

ENTRANCE LEVEL: Students should be at a GV 4/5 level (Intermediate) to begin the Cambridge FCE program.
