

# Global Village Vancouver Proudly Celebrates 25 Years of Service in 2014

Since its inception in 1989, GV Vancouver has grown to become one of Canada's largest and most progressive English schools. Well-known for its talented, eclectic and creative teachers, unique campus spirit, low staff turnover, excellence in language training & assessment, homestay services, activities and administrative support, the award-winning school has touched the lives of tens of thousands of bright progressive students from around the world.

## New campus on Robson Street opens in April.

We are pleased to inform our partners and prospective students that we are preparing to move our Gastown program to a fabulous new location on Robson Street near to our main Yaletown campus.

Just a few minutes on foot from our main campus in Yaletown (29 classrooms), the new GV Robson campus (11 classrooms) is similar in capacity to the Gastown campus and situated in a beautiful building on Vancouver's famous Robson street in front of the Central Library. The new acquisition will greatly enhance our quality of service and student satisfaction in many aspects:

- **Unification of campuses.** Located only 2-3 minutes from each other on foot, the Yaletown and Robson campuses are well positioned to fully integrate our program delivery to ensure students can enjoy classes and services at both campuses, and thus greater access to amenities and a wider circle of contacts and international friendships. Having the beautiful Vancouver Central Library located next door where our monthly orientations and graduations are held will offer more convenience to our students and greater efficiency for our managing staff.
- **New and safe location.** The Yaletown and Robson campuses are adjacent to the downtown core in a new and dynamic pedestrian-friendly area of the city of emerging and flourishing businesses and new services suitable for students and enterprising professionals.
- **Modern new campuses with unique features.** The Robson campus is a modern and fabulously designed self-contained facility featuring high ceilings and windows in each of the classrooms with pleasing views of the award-winning architecture and landscaping of the Central Library. The campus also features a large outdoor garden terrace exclusive to the school. Our well-known modern and spacious Yaletown campus is also getting a cosmetic upgrade to coincide with the opening and celebration of the Robson campus in April.

**Stay tuned for more details and photos of the grand opening of the Robson Campus in April and celebrations of GV Vancouver's 25th Anniversary!**
