Cambridge English Language Assessment is a respected and reliable service recognized by employers and government agencies, especially in Europe. Global Village Vancouver is an Official Cambridge Testing Service Centre; the largest and most comprehensive in North America. Most of our teachers are also certified Cambridge examiners, which ensures that our students are getting the best expertise available to help them succeed. The preparation program covers all four modules of the exam: speaking, reading, writing, and listening; as well as practice tests and test preparation strategies . The school runs all three levels in separate classes: FCE, CAE, and CPE.
