FARMING IS A WAY OF LIFE!

Tired of living in a big city? Ready to breathe fresh and clean air? Are you a farmer in your home-country and want to experience how Canadian farms work? Then GV Victoria's Farmstay and Ranchstay is for you!

This is a great opportunity to enhance your language skills in a caring environment through our GEP program and then apply these skills in a practical, rural setting for a period of 4 weeks. Whether you choose to live on a farm or ranch, the programs offer open-minded students a chance to help out with the chores on a family farm and expand your understanding of what it takes to live beyond city limits in the vast expanse of the Canadian landscape.

This program is a chance for those who want to have a different experience while being close to animals and learning new things; As well as for those who have previous knowledge managing a ranch or a farm in their country and would like to learn what are the local techniques used. You will not regret it!

"The English Program at GV is very good. I never thought I could read a book or the newspaper in English, or watch a movie without subtitles but I do it now. In Victoria, I lived with a homestay family and after the course I experience Farmstay. It was a very good chance for me to learn how to take care of animals and a farm."
